Create & Share Final Product

It's time to go public with your findings and celebrate! In this stepping stone, you bring together everything you've been working on to create your final product and share your research findings and recommendations with key decision makers, project partners, media outlets and community members.

What's in Stepping Stone 8?

Time Commitment: 4-6 sessions

Create your final product and/or written report

Choose from these to help you plan it:

Sample Agenda (planning how you will create your final product)

Crafting Our Story on M.A.R.S. (identifying communication goals, strategies and target audience)

Final Product Outline - Proposed Structure

PowerPoint Final Product Proposed Outline

Do these to write and design it

Tell It Like It Is: Final Product Packet (writing your final product/report)

Styling Your Report - Final Product (developing a consistent style)

2

Present your findings and recommendations to key decision makers and others in the community

Do these to help you plan it

Planning Your Presentations (developing the format, style and strategy for your presentation)

The Big Day: Presentation Checklist (preparing for your presentation)

Use these to practice

Public Speaking: Whose line is it? (practice public speaking)

Public Speaking Tips

Use this to commemorate your accomplishments

Sample certificate

Program Reflection Focus Group (identifying what worked well and what could be improved in your project)

Sample certificate (commemorating your accomplishments)
